Hem... Ultima was published by California Pacific... who@os "pro game"? Also the play manual was smaller format than the bag and cover... interesting.

@RichardGarriott my friend, as for LORD BRITISH STARTER KIT, this was a California Pacific Computers re-released Ultima in 1981 under a different (maybe low-budget) distribution label by AI Remmers

Progame was the label California Pacific used for their second run of Ultima Is, replacing 'Top of the Orchard' from the first release. (The 'Lord British Starter Kit' that has been discussed recently also includes the Progame version!)
